Art therapists are interested in outsider art, but outsider artists aren't too interested in art therapy, I don't think. They are extraordinarily expressive in their own way, but I think art therapists are interested in outsider art because it is so expressive and so interesting. But mostly an outsider artist would be so involved in her art process she wouldn't need to go see an art therapist.

As a music therapist (MT-BC), I understand Art Therapist's need for clinical boundaries and want to offer a suggestion to use terms other than art therapy, such as therapeutic art, when referring to the use of art in counseling. Although art is a great tool that can be utilized by clinicians, art therapy is provided by art therapists who completed their masters level degree in counseling and ...

[About Us | TherapyTravelers](#)

We have created a basic art therapy session guide to help art therapists create a framework on how to conduct a productive art therapy session. Most sessions begin and end outside of direct client contact as the therapist prepares for the session, and also completes session notes regarding the client's treatment. Read on for a breakdown of the most significant parts of an art therapy session ...
