Economics for Everyone: A Short Guide to the Economics of Capitalism by Jim Stanford is misleading, deceptive: it's not a guide to the economics of capitalism but a strong criticism of capitalism. Above all, it's a propaganda for communism which failed everywhere and, unlike capitalism, brought only bloody dictatorship and abject poverty for most people. Jim Stanford is an Utopian and, as French philosopher Jean-François Revel wrote in La grande parade: « The only function of ...

Economics for Everyone, now published in second edition, is an antidote to the abstract and ideological way that economics is normally taught and reported. Key concepts such as finance, competition and wages are explored, and their importance to everyday life is revealed. Stanford answers questions such as "Do workers need capitalists?", "Why does capitalism harm the environment?", and "What really happens on the stock market?"
