Perhaps most importantly, "Even the Rat Was White" contains biographical information about African-American psychologists, many of whom, says Baker, "would be forgotten if not for Guthrie's work." Serving client and country. Guthrie not only made waves with his words, but also hastened positive change with his actions. In part-time private practice with five other African-American psychologists in San Diego, he focused on the needs of the minority community.

In 1976 Guthrie, who grew up in segregated Kentucky, wrote a searing book about how the white psychology world overlooked the contributions of black psychologists and the work being done to train those psychologists at historically black colleges. The book, titled "Even the Rat Was White: A Historical View of Psychology," is now regarded as a classic in the university classroom. Guthrie ...
