The boy was relieved to find another human being who could help him. He gladly followed the strange man, who led him to a large house on the other side of the woods. A servant showed him to a room with a four-poster bed with rich covers and deep pillows. He lay down and fell into a deep sleep for at least a day. Because he was so lost, he had no choice but to follow the strange man who led him ...

A horse is a large four-legged, four-hoofed animal with a long face, substantial body, and fast, narrow legs. This is the primary mount for humans, which includes, only now to a lesser extent, the worgen of Gilneas.. The strong bond between the humans of Azeroth and their warhorses has existed for generations. However, since the fall of Lordaeron, only select varieties continue to be bred ...

Originally published in 1923, a rather interesting though small book on various horse myths around the world. I'm sure this could have been a much bigger book, though the author was taking care to not become overly repetitive. Many of the stories I had heard previously, but there were many others I hadn't heard of. I checked out some of the information online, and found it to be good, even now ...
