Understand that motivation is basically a person's own drive to achieve something, like winning an award or completing a project. As such, your employees don't need you to motivate them but rather to set the stage by empowering them to motivate themselves. If you get this, you'll be in a better position to structure the work environment to engage, excite, incentivize, and retain your employees ...

To understand is to see an array of colors within a picture and to appreciate all of them. To understand is to feel the different fabrics and textures, and how each individual part not only supplements one another but is, in many ways, intertwined. In the words of psychologist Carl Jung, "Everything that irritates us about others can lead us to an understanding of ourselves." However, this ...

Ryle's distinction between knowing that and knowing how has recently been challenged. The paper first briefly defends the distinction and then proceeds to address the question of classifying moral knowledge. Moral knowledge is special in that it is practical, that is, it is essentially a motive. Hence the way we understand moral knowledge crucially depends on the way we understand motivation.
