It's difficult to trust that your life has purpose and meaning even when you are not being productive, but it is the rhythms and cycles of Earth that show us and encourage us to rest in darkness and allow for the light to unfold us and help us blossom without forcing or making things happen. Imagine you have internal tides just like the sea. We do live on Earth after all and are made up of ...

[Arthur Schopenhauer \(Stanford Encyclopedia of Philosophy\)](#)

Your birth on the 25th day of the month (7 energy) modifies your life path by giving you some special interest in technical, scientific, or other complex and often hard to understand subjects. You may become something of a perfectionist and a stickler for details. Your thinking is logical and intuitive, rational and responsible. Your feelings may run deep, but you are not very likely to let ...

Despite the darkness the series delves into, Erivo looked forward to exploring the emotional journey. "Aretha went from strength to strength despite her circumstances, and it's that resilience that says: Life might break me today and tomorrow, but in the long run, I will not be forever broken," Erivo says. "It's a legacy of heartbreak, joy, complexity, and triumph." RICHARD DUCREE. With ...

The Beekeeper of Aleppo gives names and faces to the glimpses we've had of the people that became Syrian refugees. People who were living their lives, working their jobs, raising their families, and enjoying everyday home life until the war and fighting finally blew up their existence and killed their friends, neighbors, and family.
