answer choices . revolution of Earth. rotation of Earth. orbit of Earth. The moon blocks the Sun. Tags: Question 2 . SURVEY . 30 seconds . Q. What takes a year? answer choices . rotation. revolution. Tags: Question 3 . SURVEY . 30 seconds . Q. How long does it take for the earth to rotate around the sun? answer choices . 365 days. 365.5 days. 365 1/4 days. about 365 1/4 days. Tags: Question 4 ...

[Rotation vs. Revolution - Mrs. Turner's Class](#)

Key Difference Between Rotation and Revolution. The difference between rotation and revolution can be drawn clearly on the following grounds: A circular motion around an axis, located within the body of the object, is called rotation. A circular motion around an axis, located outside the object, is called a revolution. Rotation is the movement of an object on its own axis. On the other hand, revolution is the complete round trip around something, i.e. another object or centre.
