The Thirteen. by Susie Moloney. Review by Jeani Rector. I first learned about Susie Moloney when I randomly bought a copy of The Dwelling because the front cover looked interesting. When I read that book, I was so impressed that I actively sought out more of Moloney's work and found A Dry Spell, which I enjoyed so much that I read it three times. Now we have her latest, titled The Thirteen ...

The Witches of Eastwick meets Desperate Housewives in Susie Moloney's The Thirteen, a Globe and Mail Best Book. Haven Woods is suburban heaven, a great place to raise a family. It's close to the city, quiet, with great schools and its own hospital right up the road. Property values are climbing.

This is my first Susie Moloney book and I look forward to reading more. She's an intelligent writer, has a great sense of comedy mixed in with the horror, and really knows how to work her words. I thoroughly enjoyed her style in The Thirteen; loved the thought fragments that immediately gave me the depth I needed without paragraphs of unnecessary prose.
