Tourism and Sustainable Community Development (Routledge ...

As the tourist industry becomes increasingly important to communities around the world, the need to develop tourism in a sustainable manner has also become a primary concern. This impressive collection of international case studies addresses this crucial issue by asking what local communities can contribute to sustainable tourism, and what sustainability can offer these local communities in return. The role of the community in environmental, cultural and economic sustainability is ...

Tourism and Sustainable Community Development

Canada M5 B 2 K3 Efforts to make tourism a more sustainable option have been focusing increasingly on a community development approach, but an analysis of the differences between traditional community economic development and community tourism development clearly shows that tourism continues to be driven by levels of government rather than community interests. A closer look at the interests ...

Contemporary issues in tourism development (eBook, 1999 ...

Fundamental to the study of tourism is the relationship between tourism and development. Tourism represents a major sector of the global economy and, as such, is considered by many to be an effective driver of economic growth and development in destination areas. Importantly, however, most destinations face what has been referred to as a ‘development dilemma’. Whilst the benefits afforded ...
