In 1988, treasure-hunter Tommy Gregory Thompson managed to raise funds and recruited a professional team to search for the lost wreck. By charting the ship's exact route made on previous voyages, Thompson's team discovered the wreck on September 11th 1988, 131 years to the day since Central America had foundered. Thompson's team found much on the seabed; a well-preserved shipwreck (even ...

The boat was flighty in competition and didn't corner well at all, especially compared to top flight boats we raced against. Leo and I ground on the rudder, and we made a magic "top secret shape" to help with cornering. We also changed the skid fin design and tested some "props" to improve handling. Zoomer's engines made great power, but put "Merlin" blood in the bilge and all ...
