Of course, the couple can still buy furniture together, decorate together and call the place home together. Two (or more) people can take title to a house as tenants in common. The percentages of ownership don't have to be equal. Upon the death of one such tenant, that person's share passes to their heirs, whoever they might be. Here's how it might work and where the problems can arise ...

The only categories of people who avoid the visa waiting list are those defined as immediate relatives, which include the spouses of U.S. citizens, the unmarried children of U.S. citizens, and the parents of an adult U.S. citizen (over 21). If you don't happen to be an immediate relative, then your potential green card through marriage to a lawful permanent resident is a fine option to have.

Living together before marriage naturally signals that a couple is sleeping together before marriage — a violation of the religious proscription against premarital sex. As religious norms have become less dominant in the culture, and adherence to them looser, the societal/familial shame surrounding cohabitation has significantly dropped, while its acceptance has dramatically risen. Other ...
